SUMMARY

I am a dedicated student enrolled in web development and cloud native AI at GIAIC, with another ongoing pursuit in nursing. With nearly two years of training, I am eager to gain professional experience in the tech industry while continuing my education in nursing. My skills include Typescript, Python, and various AI technologies as I work towards developing practical applications

EDUCATION

- 03/2024 • Web Development and Cloud Native Metaverse AI
Karachi GIAIC
- 02/2025 • Bachelors of Science in Nursing
Karachi NICH

LANGUAGES

English Proficient Urdu Native

SKILLS

- Python Robotics HTML Tailwind CSS github Vercel deployment Wsl ubuntu Docusaurus
- Prompt engineering Qdrant

PROJECTS

Physical AI and Humanoid Robotics Book

- 📅 11/2025 - 12/2025
- Physical AI and Humanoid Robotics Book
- Developed a high-performance digital documentation platform for robotics research. Integrated a Retrieval-Augmented Generation (RAG) chatbot using vector embeddings to provide contextual answers.

Todo App

- 📅 2025 - 01/2026
- Short summary of your work
- Built a full-stack task manager allowing users to manage workflows via natural language commands. Implemented features to add, update, and track tasks through an integrated AI assistant.

Personal Portfolio

- 📅 01/2026 - 01/2026
- Personal Portfolio
- Designed and deployed a responsive portfolio to showcase technical projects and coding progress.

INTERESTS

- 🏆 Tech Forward (AI)
I am enthusiastic about working with AI models, creating chatbots, and developing new applications with AI
- ★ Creative
I love playing with styling new websites and making them interactive and user-friendly
- ★ Cross Disciplinary Research
I love to care for patients and aim to use technology in hospitals to create better care plans for my patients
